Hi Melissa,

Thank you for the invitation to the November 12 CONNECT meeting. Other than a status update, I note that there are no specifics identified on the agenda. There should therefore be plenty of time to address community questions about the site. Please plan on answering these questions related to the 2010 AOC. Many of the questions require a simple yes/no answer, so should be simple to address.

https://philrutherford.com/SSFL/2010_AOC/Top_Ten_Questions_for_DTSC_and_DOE_on_the_2010_AOC.pdf

Many of the questions are also directed to DTSC. Hopefully DTSC personnel attending the meeting will be allowed to participate in the discussion. If not, perhaps DTSC can answer these questions during its virtual meeting on November 18.

Best wishes,

Phil

Subject: Save the Date: Join DOE for the next CONNECT Community Update

Hello,

DOE's Energy Technology Engineering Center (ETEC) team invites you to join us on **November 12** for the next session in our Community Outreach, Neighbor Notifications, Engagement, Collaboration and Training (CONNECT) Series to hear about recent activities at SSFL and **ask questions related to the site.**

Time: Doors open at 5:30 p.m.
Presentation at 6 p.m., Q&A to follow

Location: DOE ETEC Office
980 Enchanted Way, Suite 108
Simi Valley, CA 93065
View the map for directions to the office

Visit the CONNECT page to learn more about the series and view presentations from previous meetings.

Email us at etec@emcbc.doe.gov to RSVP for the CONNECT Community Update on November 12.

Best,
Melissa Simon
