Hi Josh,

It was good to talk to DOE, Northwind and CDM folks at the meeting the other night.

As I had submitted comments on the SEIS previously, I did not sit with the transcriber to give more.

However, looking back through my emails, I do not see any reply or acknowledgement of receipt for either the original December 29, 2024, comments, or my February 22, 2025, email to Secretary Wright.

My comments are online at ...

In order to document your receipt of my SEIS comments, please acknowledge receipt of this email, prior to the scoping period deadline of March 27, 2025.

Thank you for your attention.

Best wishes,

Phil
