I received a short thank you note from C. Walsh. Otherwise no reaction so far. I'll let you know if I hear anything else.

Oops. You're right. I'll cut and paste your sentence. Thanks.

Any word back yet from Brownley, or from Dan in response to the Brownley letter?

No substantive comments. The economic impact analysis is missing. It is impossible to assign costs to alternate cleanup remedies at this point, but it is safe to say that cleanup to the standards contemplated by the bill will likely cost more than cleanup to less stringent standards.

All -

Attached is a draft analysis of SB 990 by Senator Kuehl that affects the SSFL. Could you review it as expeditiously as you can and get back to me with any comments, edits, suggestions or feedback?

Thanks

Rick
