Kit,

It was a pleasure talking with you on Tuesday at the DOE SEIS Scoping Meeting. Hopefully, I was able to clarify some of the complexities of the cleanup issues at SSFL.

Some of my recent writings on SSFL since my retirement in 2015 may be found at <https://philrutherford.com/ssfl.html>.

Of particular general interest are ...

- Offsite Impact of the Santa Susana Field Laboratory
https://philrutherford.com/SSFL/Offsite_Impact_of_SSFL.pdf
... provides evidence that SSFL operations have not impacted the health of surrounding communities.
- Nuclear Decommissioning at the Santa Susana Field Laboratory
https://philrutherford.com/SSFL/Nuclear_Decommissioning_at_SSFL.pdf
... provides evidence that SSFL has complied with established federal and state decommissioning standards for the cleanup of former nuclear facilities.

Several of my recent communications with DTSC about their Soil Smarts Workshops submitted via their STREAM platform are ...

- SCF000004 – Morgenstern Study
https://philrutherford.com/SSFL/DTSC/STREAM/SCF000004/Morgenstern_Study.pdf
- SCF000006 – Radionuclide Questions regarding Soil Smarts Workshops
https://philrutherford.com/SSFL/DTSC/STREAM/SCF000006/Radionuclide_Questions_for_Soil_Smarts_Workshops_Rev_A.pdf
- SCF000008 – Chemical Questions regarding Soil Smarts Workshops
https://philrutherford.com/SSFL/DTSC/STREAM/SCF000008/Chemical_Questions_on_Soil_Smarts_Workshops.pdf
- SCF 000014 – Comments & Questions regarding the Third Soil Smarts Workshop

https://philrutherford.com/SSFL/DTSC/STREAM/SCF000014/2025-03-13_Comments_Questions_on_Soil_Smarts_No_3.pdf

Several of my recent communications with DOE regarding the Supplemental EIS are ...

- Preliminary Comments on Supplemental EIS for Area IV, SSFL
https://philrutherford.com/SSFL/DOE_SEIS/Preliminary_Comments_on_Area_IV_SEIS.pdf
- Email to Secretary Wright regarding the SEIS
https://philrutherford.com/SSFL/DOE_SEIS/2025-02-22_Public_Scoping_Meetings_for_Supplemental_EIS_for_ETEC.pdf
- Public Statement at the March 6, 2025, DOE SEIS Scoping Meeting
https://philrutherford.com/SSFL/DOE_SEIS/2025-03-06_Public_Statement_on_Area_IV_SEIS.pdf

Please note that, although I continue to do consulting work for Boeing, none of this material was solicited by, or funded by, The Boeing Company.

If you have any further questions about the radiological aspects of SSFL operations and cleanup, please do not hesitate to contact me ... especially if you are told any disinformation by Dan Hirsch.

Best wishes,

Phil
